ISSUE: City Council Review and Confirmation of the Necessity for Continuing the Local Emergency Related to the On-Going Threat of the Novel COVID-19 Virus, and Confirmation of the Director of Emergency Services/City Manager's Executive Orders Related Thereto

RECOMMENDATION: That the City Council: 1) Review the necessity for continuing the local emergency declared in response to the Novel COVID-19 virus; and 2) Confirm the Director of Emergency Services/City Manager's executive orders related thereto.

SUMMARY:

On March 18, 2020, the City Manager, acting in his capacity as Director of Emergency Services, proclaimed the existence of a local emergency relating to COVID-19 (the "coronavirus"), at which time the City Council was not in session. On March 24, 2020, during a special meeting the City Council ratified and confirmed the City Manager's proclamation declaring the existence of a local emergency. Pursuant to Laguna Hills Municipal Code ("LHMC") Section 2-32.060, the City Council must review the necessity for continuing the local emergency no less frequently than every fourteen (14) days until the emergency is terminated. LHMC Section 2-32.150 further requires any rules or regulations, such as Executive Orders, issued by the Director of Emergency Services/City Manager that are reasonably related to the local emergency, such as for the protection of life and property as affected by the emergency, to be confirmed as soon as practicable by the City Council.

BACKGROUND:

On January 30, 2020, the World Health Organization ("WHO") declared the outbreak of COVID-19 a "public health emergency of international concern" and by March 11, 2020, the WHO elevated the public health emergency to the status of a pandemic. On January 31, 2020, United States Health and Human Services Secretary Alex M. Azar II declared a public health emergency for the United States to aid the nation's healthcare community in responding to COVID-19. On February 26, 2020, the County of Orange and County Health Officer Dr. Nichole Quick declared a local emergency and a local health emergency to prepare for COVID-19, and on March 4, 2020, the Governor declared a State of Emergency in California allowing state agencies to take any action necessary to address COVID-19.

On March 11, 2020, the Governor and the California Department of Health issued a statement entitled "California Public Health Experts: Mass Gatherings Should be Postponed or Canceled Statewide to Slow the Spread of COVID-19" determining that gatherings should be postponed or canceled across the state until at least the end of March. Non-essential gatherings must be limited to no more than 250 people, while smaller events can proceed only if the organizers can implement social distancing of six (6) feet per person. Gatherings of individuals who are at higher risk for severe illness from COVID-19 should be limited to no more than ten (10) people, while also following social distancing guidelines. Furthermore, essential gatherings should only be conducted if the essential activity could not be postponed or achieved without gathering, meaning that some other means of communication could not be used to conduct the essential function.

Within a short period of time thereafter COVID-19 began to spread rapidly throughout California necessitating more stringent public health emergency orders. On March 12, 2020, the Governor issued Executive Order N-25-20, ordering that all residents are to heed the orders and guidance of state and local public health officials. Subsequently, on March 13, 2020, President Donald J. Trump declared a National Emergency to provide disaster funding, speed up the United States response to the crisis created by COVID-19, and to offer maximum flexibility to attack the problem. By March 16, 2020, President Trump advised the public to avoid groups of more than ten (10) people to fight the COVID-19 outbreak. On March 17, 2020, the Orange County Health Officer issued a Public Health Order prohibiting all public and private gatherings of any number of people, including at places of work, occurring outside a single

household or living unit, until March 31, 2020, except for the purposes of engaging in an Essential Activity, as defined.

In light of these events, on March 18, 2020, the City Manager, acting as the Director of Emergency Services pursuant to LHMC Section 2-32.060(B), proclaimed the existence of a local emergency within the City of Laguna Hills by enacting Proclamation No. 2020-03-18-1, at which time the City Council was not in session. A copy of Proclamation No. 2020-03-18-1 is attached hereto. On March 24, 2020, the City Council unanimously ratified and confirmed the City Manager's proclamation declaring the existence of a local emergency during a special meeting, as required by LHMC Section 2-32.060(B).

In order to mitigate the impact of COVID-19 across the State, on March 19, 2020, the Governor issued Executive Order N-33-20, which directed and ordered all residents to: 1) immediately heed the current State public health directives; and 2) to stay at home or at their place of residence except as needed to maintain continuity of operations of the federal critical infrastructure sectors. On March 22, 2020, President Donald J. Trump declared California a major disaster area, thereby making federal emergency aid available for the State to supplement state, tribal, and local recovery efforts in the areas affected by the COVID-19 pandemic beginning on January 1, 2020, and continuing.

It is recommended that the City Council: (1) Review the necessity for continuing the local emergency related to the COVID-19 pandemic; and (2) Confirm the Executive Orders issued by the City Manager, acting as the Director of Emergency Services, that are reasonably related to the City's response to the COVID-19 pandemic. A copy of the Executive Orders issued by the Director of Emergency Services, to date, are attached hereto. Based on the recommendations of the Director of Emergency Services/City Manager and the Chief of Police Services, it has been determined that the need for the locally declared emergency, pursuant to Proclamation No. 2020-03-18-1, continues to exist and should not be terminated at this time.
