**ISSUE:** City Council Review and Confirmation of the Necessity for Continuing the Local Emergency Related to the On-Going Threat of the Novel COVID-19 Virus, and Confirmation of the Director of Emergency Services/City Manager's Executive Orders Related Thereto

**RECOMMENDATION:** That the City Council: 1) Review the necessity for continuing the local emergency declared in response to the Novel COVID-19 virus; and 2) Confirm the Director of Emergency Services/City Manager's executive order related thereto.

#### **SUMMARY:**

On March 18, 2020, the City Manager, acting in his capacity as Director of Emergency Services, proclaimed the existence of a local emergency relating to COVID-19 (the "coronavirus"), at which time the City Council was not in session. On March 24, 2020, during a special meeting the City Council ratified and confirmed the City Manager's proclamation declaring the existence of a local emergency. Since that time, the rate of infection and threat to public health and safety have not abated, as the number of cases continue to grow. As of June 19, 2020, there were more than 8.24 million worldwide cases of COVID-19, and 446,000 deaths. Locally, there were 7,614 confirmed cases and 185 deaths in Orange County. Since then, the worldwide cases have increased to more than 10.7 million and the worldwide deaths have increased to more than 516,000. County-wide, the number of confirmed cases has increase from 7,614 to 13,843 and deaths have increased from 185 to 340. Pursuant to Laguna Hills Municipal Code ("LHMC") Section 2-32.060, the City Council must review the necessity for continuing the local emergency no less frequently than every fourteen (14) days until the

emergency is terminated. LPMC Section 2-32.150 further requires any rules and regulations, such as Executive Orders, issued by the Director of Emergency Services/City Manager that are reasonably related to the local emergency, such as for the protection of life and property as affected by the emergency, to be confirmed as soon as practicable by the City Council.

### **BACKGROUND:**

On January 30, 2020, the World Health Organization ("WHO") declared the outbreak of COVID-19 a "public health emergency of international concern" and by March 11, 2020, the WHO elevated the public health emergency to the status of a pandemic. On January 31, 2020, United States Health and Human Services Secretary Alex M. Azar II declared a public health emergency for the United States to aid the nation's healthcare community in responding to COVID-19. On February 26, 2020, the County of Orange and County Health Officer Dr. Nichole Quick declared a local emergency and a local health emergency to prepare for COVID-19, and on March 4, 2020, the Governor declared a State of Emergency in California allowing state agencies to take any action necessary to address COVID-19.

On March 11, 2020, the Governor and the California Department of Health issued a statement entitled "California Public Health Experts: Mass Gatherings Should be Postponed or Canceled Statewide to Slow the Spread of COVID-19" determining that gatherings should be postponed or canceled across the state until at least the end of March. Non-essential gatherings must be limited to no more than 250 people, while smaller events can proceed only if the organizers can implement social distancing of six (6) feet per person. Gatherings of individuals who are at higher risk for severe illness from COVID-19 should be limited to no more than ten (10) people, while also following social distancing guidelines. Furthermore, essential gatherings should only be conducted if the essential activity could not be postponed or achieved without gathering, meaning that some other means of communication could not be used to conduct the essential function.

Within a short period of time thereafter COVID-19 began to spread rapidly throughout California necessitating more stringent public health emergency orders. On March 12, 2020, the Governor issued Executive Order N-25-20, ordering that all residents are to heed the orders and guidance of state and local public health officials. Subsequently, on March 13, 2020, President Donald J. Trump declared a National Emergency to provide disaster funding, speed up the United States response to the crisis

created by COVID-19, and to offer maximum flexibility to attack the problem. By March 16, 2020, President Trump advised the public to avoid groups of more than ten (10) people to fight the COVID-19 outbreak. On March 17, 2020, the Orange County Health Officer issued a Public Health Order prohibiting all public and private gatherings of any number of people, including at places of work, occurring outside a single household or living unit, until March 31, 2020, except for the purposes of engaging in an Essential Activity, as defined. This Public Health Order was superseded by the State's Executive Order and continues in effect until further notice.

In light of these events, on March 18, 2020, the City Manager, acting as the Director of Emergency Services pursuant to LHMC Section 2-32.060(B), proclaimed the existence of a local emergency within the City of Laguna Hills by enacting Proclamation No. 2020-03-18-1, at which time the City Council was not in session. A copy of Proclamation No. 2020-03-18-1 is attached hereto. On March 24, 2020, the City Council unanimously ratified and confirmed the City Manager's proclamation declaring the existence of a local emergency during a special meeting, as required by LHMC Section 2-32.060(B).

In order to mitigate the impact of COVID-19 across the State, on March 19, 2020, the Governor issued Executive Order N-33-20, which directed and ordered all residents to: 1) immediately heed the current State public health directives; and 2) to stay at home or at their place of residence except as needed to maintain continuity of operations of the federal critical infrastructure sectors. On March 22, 2020, President Donald J. Trump declared California a major disaster area, thereby making federal emergency aid available for the State to supplement state, tribal, and local recovery efforts in the areas affected by the COVID-19 pandemic beginning on January 1, 2020, and continuing.

As to the continuing need for the proclamation of emergency and the rules, measures, and orders issued to date by the City Council, the following facts are instructive. As of June 19, 2020, there were more than 8.24 million worldwide cases of COVID-19, and 446,000 deaths. Locally, there were 7,614 confirmed cases and 185 deaths in Orange County. Between June 19, 2020, and the date of publication of this staff report (July 2, 2020), the worldwide cases have increased to more than 10.7 million and the worldwide deaths have increased to more than 516,000. County-wide cases have increase from 7,614 to 13,843 and county-wide deaths have increased from 185 to 340. These figures continue to grow on a daily basis. The rate of infection, potential impact to health care systems, and the threat to public health and safety have not abated. The state of local emergency continues to exist.

## Continuing Local Emergency and Confirmation of Executive Orders

July 7, 2020

Page 4

It is recommended that the City Council: 1) Review the necessity for continuing the local emergency related to the COVID-19 pandemic; and 2) Confirm the Director of Emergency Services/City Manager's executive order related hereto. Based on the recommendations of the Director of Emergency Services/City Manager and the Chief of Police Services, it has been determined that the need for the locally declared emergency, pursuant to Proclamation No. 2020-03-18-1, continues to exist and should not be terminated at this time.

## OFFICE OF THE CITY MANAGER/DIRECTOR OF EMERGENCY SERVICES

### Executive Orders

**Pursuant to Proclamation No. 20-03-18-01  
Declaring the Existence of a Local Emergency**

**RE: NOVEL CORONAVIRUS, COVID-19**

**Issue Date: June 29, 2020**

On March 18, 2020, in my capacity as the Director of Emergency Services (LHMC 2-32.060), I issued Proclamation 20-03-18-01 Declaring the Existence of a Local Emergency in response to severe public health concerns and economic impacts relating to the COVID-19 pandemic. The novel coronavirus, COVID-19, causes infectious disease and was first detected in Wuhan, Hubei Province, China in December 2019. Symptoms of COVID-19 include fever, cough, and shortness of breath; outcomes have ranged from mild to severe illness, and, in some cases, death. The Center for Disease Control and Prevention (CDC) has indicated the virus is a significant public health threat, and States of Emergency have been declared by the County of Orange, the State of California and the federal government of the United States. On March 19, 2020, California Governor Gavin Newsom issued Executive Order N-33-20, which bans gatherings, public and private, and orders residents to stay at home at their place of residence except as needed to maintain continuity of operations of the federal critical infrastructure sectors, as defined, in order to mitigate the impact of COVID-19. Executive Order N-33-20 is enforceable pursuant to California law per Government Code Section 8665.

In order to comply with all applicable Public Health and Executive Orders and to protect public health in the City of Laguna Hills, the following Executive Orders are in effect until further notice:

26. Extension of Street Sweeping Maintenance Services Agreement. The Street Sweeping Maintenance Services Agreement for Citywide Street and Roadway Cleaning between the City and Jonset Corporation, Inc., dba Sunset Property Services, dated July 1, 2015, is currently scheduled to expire by operation of its own terms on June 30, 2020. The Parties will enter into Amendment No. 1 to the Agreement for the purpose of extending the term

of the Agreement for one-year in order to provide for continued, uninterrupted citywide street sweeping maintenance services at the same hourly rates, charges, and unit pricing and pursuant to the same terms and conditions set forth in the Agreement, subject only to a 3.3% cost of living increase in order to defer operating cost increases. The proposed one-year term extension does not create the need to increase the total Maximum Annual Contract Amount set forth in Section 2.1 of the Agreement.

Additional Executive Orders may be issued at any time relating to this public health emergency. Additional Executive Orders are cumulative, and do not negate or reverse these Executive Orders contained herein unless explicitly stated.

### Staff Report

---

**DATE:** July 7, 2020  
**TO:** Mayor and Council Members  
**FROM:** Donald J. White  
City Manager  
**ISSUE:** Fiscal Impacts from COVID-19 on Fiscal Year 2020/2021

---

**RECOMMENDATION:** That the City Council receive and file the financial update for Fiscal Year 2020/2021 and review and comment on the recommended budget savings.

---

#### **SUMMARY:**

The COVID-19 pandemic has had a swift and seismic impact to the national economy. Its effect is expected to result in an overall reduction to the City's General Fund Budget in fiscal year (FY) 2019/2020, as well as into FY 2020/2021. At the City Council Meeting on May 12, 2020, staff presented the projected fiscal impact to the FY 2019/2020 budget. The purpose of this report is to provide a forecast of the fiscal impact to FY 2020/2021 and present to the City Council recommended budget savings to close the gap from the anticipated shortfall in revenues.

#### **BACKGROUND:**

On January 31, 2020, the United States Health and Human Services Secretary declared a public health emergency for the United States due to the COVID-19 pandemic. To mitigate the impact across the state, on March 19, 2020, the California Governor issued an Executive Order, which directed and ordered all residents to stay at home or at their place of residence. On April 28, 2020, the Governor presented California's Roadmap to Pandemic Resilience, which laid out the state's path forward for modifying the statewide stay-at-home order and phase in the reopening of businesses statewide.

Accordingly, in response to severe public health concerns, on March 18, 2020, the City

Manager, under the capacity of Director of Emergency Services, issued Proclamation No. 20-03-18-01 Declaring the Existence of a Local Emergency. Subsequently, the City Manager issued various Executive Orders in compliance with State public health orders and to protect public health in the City. While the Executive Orders addressed a myriad of issues related to the City's emergency response, the following Executive Orders had a direct financial impact on the City operations:

- Executive Order No. 3 canceled and suspended all recreational programs and activities at the Community Center, including facility reservations/rentals until further notice. Refunds and credits were processed for all canceled reservations, activities, and programs.
- Executive Order No. 21 extended the cancelation of all recreation programs and activities, including facility reservations/rentals through September 10, 2020. Additionally, 31 part-time employees were furloughed indefinitely.
- Executive Order No. 22 transitioned the City's full-time Community Services Department employees to the Coronavirus Recovery Team.

### **FISCAL IMPACT:**

COVID-19 and the measures to mitigate its spread have had unprecedented impacts to the economy. It has changed the revenue landscape for cities across the State. Many local governments are facing significant decreases in revenues, from sales tax and transient occupancy tax to delays in user fee recovery.

### **FY 2019/2020 Fiscal Impacts - Total Budget Summary**

At the City Council Meeting on May 12, 2020, staff presented the projected fiscal impact to FY 2019/2020 budget, as summarized below:

Total revenues are expected to come in short of budget by \$2,034,462. This shortfall is partially offset by the expected reduction in total expenditures of \$1,218,622. The overall anticipated result will be a decline in total fund balance of \$815,840 under what was budgeted. The good news is the City began FY 2019/2020 in strong financial health, with a beginning total fund balance of \$898,952 above what was originally budgeted, which completely offset the projected decline, leaving an excess of \$83,111 over what was originally budgeted. However, after accounting for the reservation for debt service and legally restricted special revenue funds, the City's unrestricted, unassigned General Fund fund balance is expected to end the year with a shortfall of \$87,042 under budget.

### FY 2020/2021 Fiscal Impacts

Staff has prepared the attached financial reports, to provide a forecast of the fiscal impact to FY 2020/2021 and proposed budget savings to close the gap from the anticipated shortfall in revenues.

It should be noted that the following assumptions were utilized in preparing the financial reports:

- Community Services programs and activities, including facility rentals, will be

---

canceled through the end of the calendar year.

- Community Development activity will decrease over the next fiscal year.
- Declines in sales tax revenues will bottom out in the first quarter of 2021.
- Due to social distancing and stay-at-home orders, travel related activity will remain low. Accordingly, high hotel vacancies will result in decreases to transient occupancy tax.

**Total Budget Summary (Attachment A)** - This report provides a detailed comparison of the amended budget versus the updated projection for all revenues and expenditures, for all governmental funds in its entirety.

**Capital Improvement Program (Attachment B)** - This report provides a comparison of the amended budget versus the updated projection for all capital improvement projects and their funding sources.

**Fiscal Year Projection by Fund (Attachment C)** - This report provides the updated projection for revenues, expenditures, and changes in fund balance, by fund for all governmental funds.

**Financial Policy Ratios & Reserves (Attachment D)** - This report provides a comparison of the budgeted versus projected financial policy ratios and reserves.

**Proposed Operating Budget Savings (Attachment E)** - This report provides a detailed list of the proposed budget savings, which were included in the updated operating expenditures in the attached financial reports.

The following is a discussion of significant aspects of the attached financial reports and potential budget savings.

### Revenues

As presented in the attached financial reports, preliminary analysis projects a shortfall in total funding sources for all governmental funds of \$2,189,273. The anticipated deficit in General Fund revenues is \$2,414,496. Total operating revenues, which includes general fund revenues, as well as Measure M Local Fair Share and Law Enforcement COPS special revenues, is projected to fall short of budget by \$2,517,835. The revenue sources with the most significant shortfalls are discussed below.

## Fiscal Impact from COVID-19 on FY 2020/2021

July 7, 2020

Page 5

- The estimate for transient occupancy tax is about \$750,000, a shortfall of \$615,813, or 45% under budget, as high vacancies are expected for a large portion of the fiscal year.
- Hinderliter, de Llamas & Associates (HdL), the City's sales tax consultant, conducted an analysis of anticipated sales tax revenues and projected revenues to come in at \$5,022,441, or \$967,897 below budget, as a result of COVID-19 distancing measures and layoff/furloughs that continue to effect consumer spending. Historical data from previous economic downturns suggests that the return to previous spending levels is not typically immediate and often evolves, as consumers take time to fully get back to previous spending levels on leisure, travel and dining, and spending habits change. Assuming the virus is largely contained by the end of September 2020, the projection anticipates that tax declines will bottom out in the first quarter of 2021, with only moderate improvements occurring during the remainder of the fiscal year.
- Given we are in a deep recession and the historical decline in development activity from the last Great Recession, it is anticipated development related revenue will be significantly impacted. A shortfall of \$228,000 is anticipated from license and permit fee revenues, largely from a projected drop of \$180,000 in building related permits.
- The \$530,125 shortfall projected in Charges for Current Services is largely from Recreation Fees, which is \$495,125 under budget. This projection assumes conditions from the COVID-19 crisis remain the same for the first six-months of the fiscal year and the Community Center facility events and programs resume at the onset of calendar year 2021.
- Measure M2 local fair share revenue is the City's allotment of the countywide half-cent sales tax on fuel administered by Orange County Transportation Authority (OCTA), which is specifically dedicated to street maintenance for the upkeep of the City's roads. Based on the updated forecast from OCTA's economic consultants, a shortfall is anticipated of \$103,339 under what is budgeted.

HdL also performed an updated analysis on the City's property taxes. Based on their review, a change to projected property tax revenues is not anticipated at this time. Values for FY 2020/2021 were initially established as of January 1, 2020, lien date. That date is when the 2% growth per Proposition 13 is added and events such as sales

transactions, new development and construction additions that occurred in 2019 are reflected to the tax roll for the 2020/2021 fiscal year. If this pandemic crisis continues through this summer, we may find that property tax revenues for 2020-2021 may be reduced to some level of delinquency, as well as Assessor value reductions to reflect market values. The potential for such reductions will only become evident with the passage of time. Furthermore, the applicable impact of possible declines in property values and sales occurring in the 2020 calendar year will be to FY 2021/2022.

### Expenditures

#### ➤ Operating Expenditures

To mitigate the negative effects from the significant shortfalls in operating revenues discussed above, an extensive review of operating expenditures was performed to find potential budget savings and staff is proposing a layered approach that will allow the flexibility to adjust to the constantly evolving COVID-19 crisis.

In the initial phase, Tier 1, staff assumes economic conditions from COVID-19 remain relatively the same for the first six-months of the fiscal year. The total proposed budget savings under Tier 1 is \$1,926,889, which are listed in line item detail in Attachment E. Unless any line items are removed from the list by the City Council, Tier 1 budget savings will take effect immediately at the onset of the fiscal year. The projected operating expenditures reported in the attached financial statements reflect Tier 1 proposed budget savings.

If current conditions from the pandemic extend past six months into the fiscal year or the recession worsens, a Tier 2 phase may be required. Staff has identified an additional budget savings of \$1,161,246 in Tier 2. Whether the need to implement Tier 2 occurs, depends upon how fiscal conditions develop. Staff will continue to monitor the situation and evaluate whether the need arises for Tier 2.

#### ➤ Capital Improvement Program

An updated Capital Improvement Program (CIP) for FY 2020/2021 is proposed and attached as Attachment B to this report. The proposed FY 2020/2021 CIP would result in a net reduction of \$135,000 in funding from the General Fund and Capital Reserve funds. Below is a discussion of notable changes to the proposed FY 2020/2021 CIP.

July 7, 2020

Page 7

- CIP # 184 La Paz Widening - A deferment of this project is proposed. However, if restrictive conditions from the COVID-19 crisis are lifted, this project could proceed. This project does not receive funding from the General Fund. It is fully funded by CARITS special revenues.
- CIP #112 Traffic Signal - The additional \$50,000 expenditure proposed is for the replace of the traffic signal pole at Alicia Parkway and Community Center Drive. This replacement is required to repair the pole that was damaged as a result of a traffic accident.
- CIP #403 Storm Drain/Slope Repairs - This reflects a carryover from the prior FY 2019/2020 CIP.
- CIP #412 Water Quality Improvements - Staff is seeking additional grant funds from OCTA for debris gates. This is a proposed acceleration from the FY 2021/2022 CIP. If the grant funding is approved, it is required that the project be funded in FY 2020/2021. Funding for this project is \$200,000 from Measure M2 Competitive revenues and \$50,000 from the General Fund.
- CIP #505 Civic Center Renovations - The installation of publicly accessible electric vehicle charging stations at the Civic Center has been carried over from FY 2019/2020. The cost of this project is fully funded by Air Quality Management District AB 2766 special revenue funds.
- CIP #513 Community Center Renovations and #514 Sports Complex - A deferment is proposed, in consideration of its low priority and funding from the General Fund. Additionally, it will provide an offset to the cost incurred for current Community Center HVAC and roof replacement project.

### Policy Ratios and Reserves

Financial policy ratios and reserves were updated to reflect the projected revenues and expenditures presented in this report, as presented in Attachment D.

- Fund Balance

A net increase of \$675,077 is projected for total fund balance for all governmental funds, which is \$475,504 short of budget. The shortfall is largely attributable to the net decrease of \$637,793 in the year-end fund balance in the

**City's General Fund.**

The City's projected Unrestricted General Fund Balance at fiscal year-end is \$6,880,186, which is a \$608,127 below budget. After the reservation for designated capital replacement and insurance reserves, Unassigned General Fund fund balance is projected at \$6,084,527.

- **Ratios and Reserves**

Staff anticipates meeting or exceeding its target fund balance policy ratios. The unrestricted general fund policy target ratio is 35%, which staff anticipates will be 35% at year-end. The unassigned general fund policy target ratio is 25%, which staff projects to exceed at 31%.

On the other hand, the operating ratios of achieving an operating-revenues to operating-expenditure ratio of 1.1 to 1.0 or greater is expected to be just slightly below, at 1.08 before debt service and .99 after debt service. Any ratio below 1.0 is deficit spending.

## City Council/Planning Agency

### Staff Report

---

**DATE:** July 7, 2020  
**TO:** Mayor and Council Members  
**FROM:** Dan Meehan  
Community Services Superintendent  
**ISSUE:** 2020 City-Wide Holiday Decorations

---

**RECOMMENDATION:** That the City Council cancel the 2020 Holiday Lighting Display as outlined in Option 1 of this staff report.

---

#### **SUMMARY:**

The adoption of the 2019-2021 Fiscal Years Operating Budget included the approval of a City-wide Holiday Decoration Plan. This program was reinstated in 2017 and decorations have been displayed from Thanksgiving through early January. Staff received three holiday lighting proposals as described in the staff report. Staff is proposing two options for the City Council's consideration. Option 1 is to cancel the 2020 Holiday Lighting Display due to the financial impacts of the Covid-19 pandemic. This is staff's recommendation. As an alternative to staff's recommendation, Option 2 is to move forward with the display for 2020, which requires the waiving of formal bidding requirements and procedures, and the execution of the attached proposed Holiday Lighting Agreement with The Christmas Kings (TCK) (the "Agreement").

#### **BACKGROUND:**

##### Summary of Light Decoration Proposals

The adoption of the 2019-2021 Fiscal Years Operating Budget included the approval of a City-wide Holiday Decoration Plan for the time periods of Thanksgiving through early January for a budget amount of \$100,000 in each fiscal year.

For the 2020 display staff again solicited informal customized proposals, this year from four prospective vendors. Three of the four vendors that were contacted by staff submitted a holiday lighting proposal. Total costs for each of the proposals are listed below:

- The Christmas Kings (TCK): \$99,710
- The Christmas Light Guy: \$100,000
- Shine Illumination: \$102,368

In addition to submitting the lowest bid, TCK was the only proposal (attached) that addressed the need for high reach equipment such as a boom lift, along with the appropriate lane closures, to ensure full coverage in the trees at the Community Center and behind each of the five entry monuments in the City. TCK also included in their proposal a light show at the Community Center plaza area synchronized to music. A deadline to have all decorations up and operational by December 1, 2020, was also acceptable to TCK and is reflected in the attached Agreement. Attachment 3 to the staff report provides pictures of TCK's proposed lighting and décor pieces.

The 2019 holiday decorations provided by TCK were well received by the public. A letter from TCK is attached to this staff report, which sets July 10, 2020, as the deadline to order the décor pieces listed in the attached proposal. An agreement would need to be executed prior to this date, according to TCK, to secure some of the décor pieces.

### Holiday Decoration Options and Staff's Recommendation

**Option1: Cancel the 2020 Holiday Lighting Display and not execute an Agreement with TCK. (Staff's Recommendation)**

Staff's recommendation is that the City Council cancel the holiday lighting display for 2020 to help dampen the negative financial impacts of the Covid-19 pandemic. Staff anticipates a significant shortfall in revenues of over \$2 million in FY 2020/2021, and has analyzed operating expenditures to find savings within the budget to help offset this deficit in revenues. The cancellation of the Holiday Lighting Display is proposed as a Tier 1 cut, and this information will be presented to the City Council during the July 7, 2020, City Council meeting under a separate agenda item.

**Option 2: Execute the attached Agreement with The Christmas Kings for the 2020 Holiday Lighting Display.**

If the City Council chooses to move forward with a Holiday Lighting Display for 2020, staff recommends that the City Council approve the attached Agreement with TCK for the reasons stated above. Although the cost of TCK's proposed holiday lighting display of \$99,710 requires formal procurement procedures as spelled out in LHMC 3-08.090, these requirements and procedures may be waived at the discretion of the Purchasing Officer or City Council when one or more of the listed exemptions apply (see below). In 2019 the City Council waived the formal bidding requirements for the holiday decoration plan. If the City Council is in favor of Option 2, to move forward with a holiday lighting display for 2020, staff also recommends that the City Council waive competitive formal bidding requirements and procedures set forth in LHMC Section 3-08.090 with regard to the proposed Holiday Lighting Agreement with TCK, as it is hereby found and determined, pursuant to LHMC Section 3-08.110, that compliance is not in the City's best interest at this time based on the reasons presented below.

3-08.110 (E) – *When formal bidding is not likely to result in the lowest price. However, under such circumstances compliance with the informal procedures as set forth in Section 3-08.080 should be considered.* Based on the nature of the project, an “apples to apples” price comparison cannot be made when reviewing the three proposals. Each vendor that submitted a proposal listed different décor, both in style and total quantity of decorations to be displayed. As such, staff complied with the informal procedures set forth in Section 3-08.080 by soliciting three informal proposals and is recommending that the City Council approve the Agreement with TCK. Time is of the essence, as the vendor needs to order, design and fabricate materials to have them ready for the December 1, 2020, deadline noted earlier in this staff report. Per LHMC Section 3-08.100 Best Qualified Vendor (C), criteria for determining the best qualified vendor shall include but not be limited to; *“The ability of the vendor to provide the goods and supplies, equipment, materials, or nonprofessional services requested promptly or within the time specified, without delay, interference, or service interruption”*. TCK has expressed that with the approval of the Agreement this evening, they will have the display built and in place by December 1, 2020.

3-08.110 (J) – *When, in the opinion of the City Council, it is determined that compliance with the procurement policies, procedures and/or requirements is not in the best interest of the City.* Based on the foregoing reasons and determinations, staff recommends that the City Council find and determine that undertaking a formal

competitive bidding process for the holiday lighting program at this time is not in the City's best interest and instead approve the proposed Agreement with TCK and authorize the City Manager to execute the Agreement.

If the City Council is in favor of Option 2, the City Council's motion should be as follows:

"Waive competitive formal bidding requirements and procedures set forth in the City of Laguna Hills Municipal Code (LHMC) Section 3-08.90 with regard to approval of the proposed Holiday Lighting Agreement with The Christmas Kings, as it is hereby found and determined, pursuant to LHMC Section 3-08.110, that compliance is not in the City's best interest at this time based on the information presented herein by City staff; and approve the Agreement and authorize the City Manager to execute the Agreement."

### **FISCAL IMPACT:**

The budget for the holiday decoration plan is \$100,000 for FY 2020/2021. Total costs for TCK's proposed 2020 holiday decoration plan are \$99,710.

### **ATTACHMENTS:**

- Attachment 1 - Option 2 Agreement with The Christmas Kings

The term of the contract shall begin on the first approved estimate date and remain in effect through the end of the applicable holiday season, which we will define as January 31st of the following year. This 5% finance charge will be added to the amount unpaid until the balance is paid in full.
- d. CLIENT REFUNDS AND CREDITS - if there is a particular scope of work that cannot be completed due to customer power, construction, change of mind, or any other reason not in the control of TCK, TCK and the client in a reasonable timely manner shall re-design, reallocate, or change the scope of work to another item valued at the same cost. Once a price point and invoice is agreed upon by the client, the client may not diminish there budget for that holiday season or subsequent seasons on multi year contracts after the fact and request a refund or hold final payment in lieu of work not being completed that is out of TCK decision making power.

If the lighting agreement is canceled within 30 days of the installation date the client shall be responsible for 50% of the invoice amount. If there is custom decor specific for the client's project that has been ordered or manufactured, the client will be responsible for 100% of the costs associated with such decor and 50 - 75% of the remaining applicable balance depending on cancelation date in respect to their install date.
- f. **OWNERSHIP OF MATERIALS** - TCK is the sole owner of all materials used on projects with the client unless otherwise specified on the invoice denoting a purchase, lease to own, client provided material, or similar. All products are supplied on a rental basis and it is the duty and obligation of the client and their employees to use their best efforts to protect and ensure decorations and materials are not damaged, or stolen during the rental duration. The Client will be held responsible for gross negligence of materials that are damaged while in their possession. Costs of damaged or stolen product while under the care of the client for gross negligence cases will be billed at the rate of 200% the replacement cost of each item. The Client will not be charged for any passive negligence damage related to normal wear and tear or weather related damages.

### 3. SCOPE OF WORK

- a. **Installation**
  - i. TCK will provide installation using commercially reasonable efforts to complete installation as described in the scope of work detailed on the Invoice (the "Project"). TCK will have the client display installed by December 1st or on or before the scheduled date agreed upon by TCK and the client. All Non Daytime decor (trees, bushes, roof lines, etc.) will be installed prior to November 1st and powered off until commencement of lighting display designated by client. Determination of install methods will be at the sole discretion of TCK. TCK shall not be responsible for functionality issues due to electrical system faults or inadequate power availability at the property.
- b. **Service**
  - i. TCK will use commercially reasonable efforts to ensure all decorations are in working order during the season from the install date to December 30th or a contracted designated date agreed to and understood in the contract or invoice. All service calls during the season shall be relayed to TCK in writing so there is a trackable date and time stamp on the service call. Please send detailed information about the issue so we can promptly respond and remedy the situation. TCK has a 24-48 hour service call response time for issues depending on the severity of the issue and service area. Clients are required to change sprinkler run times in areas that lights have been requested. Sprinkler times must be set to start any time after the lights are off and to stop at least 4 hours prior to the lights activating. If there are issues with GFCI's popping and sprinkler times have not been changed clients may experience additional charges for service calls.

c. Removal

- i. All lighting displays will be removed beginning January 2nd and completed January 30th. Special requests can be arranged for early or late removals, these limited dates will be on a first come first serve basis. If your lights are installed past a preferred date please reach out to your sales person and request power to be turned off to your display until we can reach your property for removal.

**4. CUSTOMER CHECKLIST AND RESPONSIBILITIES:**

- a. Power - Clients must provide sufficient power to each location lights are requested to be installed. TCK does not always conduct a site survey and it is not included in our pricing, Clients are urged to have an electrical evaluation done with their preferred electrical contractor in order to ensure proper working power is available for TCK to tie into.
- b. Bubble covers - All outlets should be equipped with In-Use covers to prevent tripping from intruding water threats. TCK cannot ensure workability of displays that are connected to outlets without bubble covers, and the client may incur service call charges..
- c. GFCI - The most common service call is for a tripped GFCI. Customers are responsible for first attempting to reset the GFCI before requesting service. NOTE: power must be live to the outlet in order to reset the GFCI button. If an outlet is on a timer or photocell, that device must be activated to allow power to flow to the outlet before trying to reset. If a TCK technician is dispatched to repair an issue related to a popped GFCI in the circumstance that is related to a non protected GFCI outlet or a client related power issue, the client will be responsible for \$75 per hour including drive time for the repair.
- d. Sprinklers - Sprinkler systems must operate only when the lights are off. Please give 4 hours of dry time before the lights turn on for the evening. The TCK lights used on all projects are outdoor rated but they are not meant to be hit by direct pressurized water. If sprinklers hit lights or outlets, the GFCI will trip and cause light failure.
- e. Tree trimming - TCK suggests all trees scheduled for lighting to be trimmed in the month of September if needed or prior as installs begin late September in most areas. Trimming trees has several benefits: helps with the speed of install, allows more lights to be visible from guests, allows install technicians to wrap higher and more primary branches offering a better final product for no additional costs to the client.
- f. Deployed Product During The Season - TCK is not responsible for our product or client owned product that has been stolen, cut, damaged, or destroyed while on the clients property. Clients must offer a safe and secure environment with adequate and sufficient security/supervision to prevent decorations from being stolen or damaged. If TCK determines that gross negligence has been demonstrated by the client TCK will alert the client and invoice for losses at the rate of 200% the replacement cost

## 5. LEGAL

- a. Notices - all notices and correspondence shall be delivered electronically to TCK main customer support email or the appropriate salesperson.
- b. Modification or Waiver - No amendments, modifications or waivers of the lighting agreement shall be binding unless both parties agree in writing and both sign an amendment, addendum or new contract.
- c. Servability - The invalidity or unenforceability of any particular provision of the Lighting Agreement shall not affect the other provisions hereof, and this Lighting Agreement shall be construed in all respects as if such invalid or unenforceable provisions were omitted.
- d. Governing Law -The lighting agreement shall be constructed and enforced under and in accordance with the laws of the state of California.
- e. Dispute Resolution
  - (a) Mediation. In the event a dispute arises between the parties with respect to the Lighting Agreement, the parties agree to first submit such dispute to mediation in Orange County, California, which process shall commence by one party providing written notice to the other party requesting mediation. The mediator shall be selected by mutual agreement of the parties, provided, however, if the parties cannot agree on a mediator, TCK shall provide a list of five acceptable mediators to Customer and Customer shall choose the mediator from such list. The mediator shall conduct the mediation as he/she determines, with the agreement of the parties. The parties shall discuss their differences in good faith and attempt, with the mediator's assistance, to reach an amicable resolution of the dispute. The mediation shall be treated as a settlement discussion and shall therefore be confidential. The mediator may not testify for either party in any later proceeding relating to the dispute. The mediation proceedings shall not be recorded or transcribed. Each party shall bear its own costs in the mediation. The parties shall share equally the fees and expenses of the mediator. If the parties have not resolved a dispute within 90 days after written notice beginning mediation (or a longer period, if the parties agree to extend the mediation), the mediation shall terminate and the dispute shall be settled by arbitration.
  - (b) Arbitration. If the parties are unable to resolve any dispute through mediation as set forth above, the parties will refer the issue (to the exclusion of a court of law) to final and binding arbitration in Orange County, California in accordance with the then existing Commercial rules ("Rules") of the American Arbitration Association ("AAA"), and judgment upon the award rendered by the arbitrators may be entered in any court having jurisdiction thereof; provided, however, that the law applicable to any controversy shall be the law of the State of California, regardless of principles of conflicts of laws. Best's Key Rating Guide, except that the Client will accept workers' compensation insurance from the State Compensation Fund. In the event the Client determines that the Work or Services to be performed under this Agreement creates an increased or decreased risk of loss to the Client, TCK agrees that the minimum limits of the insurance policies may be changed accordingly upon receipt of written notice from the Client. TCK shall immediately substitute any insurer whose A.M. Best rating drops below the levels specified herein.

3. Notice: The policy or policies of insurance required by this section for Commercial General Liability and Automobile Liability Insurance shall be endorsed to state that coverage shall not be suspended, voided, cancelled, or modified, or reduced in coverage or in limits, except after thirty (30) days prior written notice by First Class U.S. Mail, postage-prepaid, has been provided to the Client. B. For all policies of Commercial General Liability Insurance, TCK shall provide endorsements for ongoing operations and completed operations to effectuate this requirement.

**6.5 Deductibles and Self-Insured Retentions.** Any deductible or self-insured retention must be approved in writing by the Client in advance and shall protect the Client, its officials, officers, employees, agents and volunteers, in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

**6.6 Primary and Non-Contributing Insurance.** All policies of Commercial General Liability Insurance and Automobile Liability Insurance shall be primary and any other insurance, deductible, or self-insurance maintained by the Client, its officials, officers, employees, agents or volunteers, shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

**6.7 Waiver of Subrogation.** All policies of Commercial General Liability and Automobile Liability Insurance shall contain or be endorsed to waive subrogation against the Client, its officials, officers, employees, agents and volunteers, or shall specifically allow TCK or others providing insurance evidence in compliance with the requirements set forth in this section to waive their right to recovery prior to a loss. TCK hereby agrees to waive its own right of recovery against the Client, its officials, officers, employees, agents and volunteers, and TCK hereby agrees to require similar written express waivers and insurance clauses from each of its sub consultants or subcontractors.

**6.8 Evidence of Coverage.** Concurrently with the execution of the Agreement, TCK shall deliver certificates of insurance together with original endorsements affecting each of the insurance policies required by this section. Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the Client for written approval. The certificates of insurance and original endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. At least fifteen (15) days prior to the expiration of any such policy, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with the Client. If such coverage is cancelled or reduced and not replaced immediately so as to avoid a lapse in the required coverage, TCK shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the Client evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies. TCK shall promptly furnish, at Client's request, copies of actual policies including all declaration pages, endorsements, exclusions and any other policy documents Client requires to verify coverage.

**6.9 Requirements Not Limiting.** Requirements of specific coverage or minimum limits contained in this section are not intended as a limitation on coverage, limits, or other requirements, or a waiver of any coverage normally provided by any insurance. Nothing in this section shall be construed as limiting in any way the indemnification provision contained in this Agreement, or the extent to which TCK may be held responsible for payments of damages to persons or property.

**6.10 Enforcement of Agreement (Non-Estoppel).** TCK acknowledges and agrees that actual or alleged failure on the part of the Client to inform TCK of any non-compliance with any of the insurance requirements set forth in this section imposes no additional obligation on the Client nor does it waive any rights hereunder.

**6.11 Insurance for Subconsultants.** TCK shall either: (1) include all subconsultants or subcontractors engaged in any Work or Services for TCK relating to this Agreement as additional named insureds under the TCK's insurance policies; or (2) TCK shall be responsible for causing its subconsultants or subcontractors to procure and maintain the appropriate insurance in compliance with the terms of the insurance requirements set forth in this section, including adding the Client, its officials, officers, employees, agents and volunteers, as additional insureds to their respective policies. All policies of Commercial General Liability Insurance provided by TCK's subconsultants or subcontractors performing any Work or Services related to this Agreement shall be endorsed to name the Client, its officials, officers, employees, agents and volunteers, as additional insureds. TCK shall not allow any subconsultants or

subcontractors to commence any Work or Services relating to this Agreement unless and until it has provided evidence satisfactory to Client that the subconsultant or subcontractor has secured all insurance required under this section.

**6.12 Other Insurance Requirements.** The following terms and conditions shall apply to the insurance policies required of TCK pursuant to this Agreement:

A. TCK shall provide immediate written notice to Client if (1) any of the insurance policies required herein are terminated, cancelled or suspended, (2) the limits of any of the insurance coverages required herein are reduced, or (3) the deductible or self-insured retention is increased.

B. All insurance coverage and limits provided by TCK and available or applicable to this Agreement are intended to apply to each insured, including additional insureds, against whom a claim is made or suit is brought to the full extent of the policies. Nothing contained in this Agreement or any other agreement relating to the Client or its operations shall limit the application of such insurance coverage.

C. None of the insurance coverages required herein will be in compliance with the requirements of this section if they include any limiting endorsement which substantially impairs the coverages set forth herein (e.g., elimination of contractual liability or reduction of discovery period), unless the endorsement has first been submitted to the Client and approved in writing.

D. Certificates of insurance will not be accepted in lieu of required endorsements, and submittal of certificates without required endorsements may delay commencement of the Project. It is TCK's obligation to ensure timely compliance with all insurance submittal requirements as provided herein.

E. TCK agrees to ensure that subconsultants and subcontractors, if any, and any other parties involved with the Project who are brought onto or involved in the Project by TCK, provide the same minimum insurance coverage required of TCK. TCK agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. TCK agrees that upon request, all agreements with subcontractors and others engaged in the Project will be submitted to the Client for review.

F. TCK agrees to provide immediate written notice to Client of any claim, demand or loss against TCK arising out of the Work or Services performed under this Agreement and for any other claim, demand or loss which may reduce the insurance available to pay claims, demands or losses arising out of this Agreement.

## **7. INDEMNIFICATION**

To the fullest extent permitted by law, TCK shall defend (at TCK's sole cost and expense with legal counsel reasonably acceptable to Client), indemnify, protect, and hold harmless Client, its officials, officers, employees, agents and volunteers (collectively the "Indemnified Parties"), from and against any and all liabilities, actions, suits, claims, demands, losses, costs, judgments, arbitration awards, settlements, damages, demands, orders, penalties, and expenses including legal costs and attorney fees (collectively "Claims"), including but not limited to Claims arising from injuries to or death of persons (TCK's

employees included), for damage to property, including property owned by Client, or from any violation of any federal, state, or local law or ordinance, which Claims arise out of, pertain to, or are related to TCK's performance under this Agreement. Under no circumstances shall the insurance requirements and limits set forth in this Agreement be construed to limit TCK's indemnification obligation or other liability hereunder.

Re: 2020 Product Ordering Timeline

Due to the challenges faced with COVID 19, our ordering timeline has been affected. The deadline to order new products from the manufacturer is July 10th, 2020. To ensure all items presented in the display are available from the manufacturer, a contract would need to be signed by then if new pieces are to be created. We do reserve items in a stock inventory which will be available on a first come, first served basis for the 2020 Holiday Season. At the time of signing a contract for the 2020 season, if items within the presentation are unavailable, alternate displays will be presented as options.

Please contact me with any questions you may have.
